An Unfailing Way

To Banish Hairs

(Beauty Notes)

Ugly, hairy growths can be removed in the privacy of your home. If you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 1 minute, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.
